# WHY SELECT SENIORS INC.?

## COMPASSION

Seniors Inc. provides affordable and caring assistance to help your loved ones maintain their independence while remaining safe and well in the home—and to give you peace of mind. Our friendly and highly trained caregivers are available for a few hours or for round-the-clock care. They're always ready with warmth, respect, and compassion.

## DEPENDABILITY

To ensure the highest standards, we conduct reference, background, and motor vehicle checks on all of our caregivers. Each staff member is bonded and insured. We also ensure that our caregivers are highly trained and supervised. Seniors Inc. is one of the few home care agencies in Colorado to be certified by the Joint Commission, a national organization that sets and monitors high standards of treatment and care.

We offer in-home assistance for seniors, people with disabilities, and those recovering from an illness or surgery. We tailor our caregiving to each client's needs to help provide independence and safety and to keep them connected with others in their daily lives. Certified Nursing Assistants are also available for a higher level of care.
